303-501-7861
Loveland, CO

Focused on building intuitive and quality products that provide a simple and elegant experience crafted around user needs that are built on a foundation of research, usability, and accessibility. My ultimate goal, help create products people enjoy using while being feasible to build and valuable to the business.

EXPERIENCE

UX/UI Designer

CNH Industrial, Remote | Dec. 2022 - Present

- Cloud applications for precision agriculture technologies

UX/UI Designer
